

Esquema de montagem

Atenção: Não pressione o braço durante a montagem para evitar abertura ou deslocamento automático indesejado.

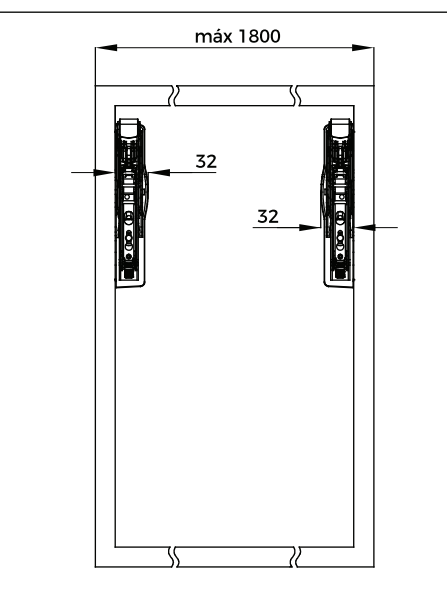

FGVTN
Brasil
Ferragens para móveis

AEROMax
Slow

Componentes:

Sistema Aeromax (2 peças)
Cobertura Aeromax (2 peças)

Fixador da portas (2 peças)
Parafuso fixação (16 peças)
Ponteira sextavada (1 peça)

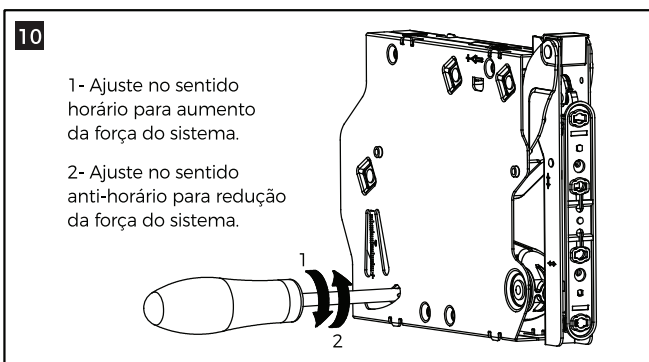

Montagem

Regulagens e ajustes do sistema

Esquema de montagem (com pulsador)

Use a broca $\varnothing 10$ mm para perfurar a lateral (com profundidade de 85 mm) para embutir o pulsador magnético

Atenção: Não pressione o braço durante a montagem para evitar abertura ou deslocamento automático indesejado.

Componentes:

Sistema Aeromax (2 peças)
Cobertura Aeromax (2 peças)
Fixador da porta (2 peças)

Parafuso fixação (16 peças)
Ponteira sextavada (1 peça)
Pulsador magnético (1 peça)

Opções de porta:
MDF ou Perfil Alumínio

4 Dimensões fixação na porta

F: Folga montagem R: Recobrimento da porta na lateral

5 Dimensões de abertura da porta

D (mm)	16	18	20	22	24
X (mm)	102	90	79	67	55
Angulo máx abertura 100°	Y=FHx0.17-15+D				

FH: Altura da Porta

6 Instalação da cobertura

1. Instalação da cobertura

2. Remover Cobertura

Nota: Não pressione bruscamente a cobertura para evitar deformação ou quebra

Montagem

7 Encaixe da porta no sistema

8 Remover a porta do sistema

9 Ajuste da porta

Regulagens e ajustes do sistema

10

Ajuste no sentido horário para aumento da força do sistema.

11

Ajuste no sentido anti-horário para redução da força do sistema.

12

Opção de ajuste rápido com uso de ponteira em parafusadeira elétrica.
